FRIDAY, FEBRUARY 24, 1922

It is stated that the bobbed hair  
fad has reached Chicago and that  
2500 Chicago girls a day are having  
their hair bobbed. Most of the "girls"  
are under thirty but women even up  
to sixty are not entirely immune  
from the craze. When Ed. Huling  
gets back he will probably explain  
that the reason why Chicago is be-  
hind South Bend, Tallapoosa, and  
other hustling cities, has something  
to do with the market facilities in  
the slaughter house section.

## Rheuma Conquers Rheumatism

People who have been rheumatic  
sufferers for years—yes, even so  
crippled that they were unable to  
help themselves—have been brought  
back to robust health through the  
mighty power of Rheuma.

Rheuma acts with speed; it often  
brings in a few days the relief you  
have longed for. It helps antagonize  
and drive from the systems the poi-  
sons that cause agony and pain in the  
joints and muscles.

It is harmless, inexpensive remedy,  
but gratifying and quick-acting, and  
is the one discovery that has forced  
rheumatism and sciatica to yield and  
disappear.

If tortured with rheumatism (any  
form) get a bottle of Rheuma from  
W. L. Gokay today. If it does not  
rid you of all rheumatic suffering  
your money will be returned—Adver-  
tisement.

parently, to suspicions that have  
been aroused by the showing that  
some of the bucket shops which have  
been robbing suckers of millions of  
dollars a day, have had more or less  
connection with supposedly legiti-  
mate brokerage houses. For gamb-  
ling purposes, stud-poker, spit-in-the-  
ocean and playing the ponies may be  
as effective and permanent in remov-  
ing a man from his roll as is dealing  
with a bucket shop. Supposedly  
though there must be an extra thrill  
in thinking what might have hap-  
pened if the bucketeer had actually  
bought what he was given the money  
to buy, and if the stock he didn't buy  
and never intended to buy had real-  
ly gone up, and you could sell what  
you hadn't bought and didn't get,  
how much more money you would  
have in addition to what you have  
once had but which the bucketeer  
has now added to his private stock  
to carry away when the sucker  
market begins to stiffen up a trifle.  
(We hope the foregoing sentence is  
perfectly clear to the readers). If a  
person really desires to make a safe  
investment or put money where it  
can be gotten back in due season,  
there are only a few places to go:  
to the banks for deposit or for a list  
of safe securities to buy; to the real  
estate market; to the building and  
loan association or to the life insur-  
ance company.

### Getting Rid of a Stubborn Cough is Child's Play Now

Make the Medicine Yourself at Home  
It's Cheap—but You Can't Beat It.

If you want to take care of that  
bad, hang on cough and do it in a few  
hours, better get one ounce of Par-  
mint (double strength) and mix a  
half pint at home.

You can do this in two minutes by  
adding a little sugar and enough  
water to fill a half pint bottle.

You'll travel the world over before  
you get medicine that will act so  
surely and quickly on the mucous  
membrane of the nose and throat. It  
has the inflammation, the tickling  
sensation stops with the first spoon-  
ful, the heavy breathing goes and  
clean membrane, free from irritation  
and mucus follows.

For Catarrhal conditions such as  
mucus droppings, clogged nostrils  
and watery eyes, it won't disappoint  
—ask for Parment (double strength).

Speak plainly so that the druggist  
will know exactly what you want.—

**THIN, FLAT HAIR  
GROWS LONG, THICK  
AND ABUNDANT**

"Danderine" costs  
only 35 cents a bottle.

One application ends  
all dandruff, stops  
itching and falling  
hair, and, in a few  
moments, you have  
doubled the beauty of  
your hair. It will ap-  
pear a mass so soft,  
lustrous, and easy to  
do up. But what will  
please you most will  
be after a few weeks  
use, when you see  
new hair—fine and  
downy at first but—  
really new hair grow-  
ing all over the scalp. "Danderine"  
is to the hair what fresh showers of  
rain and sunshine are to vegetation.  
It goes right to the roots, invigorates  
and strengthens them. This deli-  
cious, stimulating tonic helps thin, life-  
less, faded hair to grow long, thick,  
heavy and luxuriant.—Advertisement.

## MOTOR CAR QUESTIONS

Will tires go any lower in  
price?

Will it pay me to try and run  
those old tires to their end?

## Answered

Tires are way below any previ-  
ous price, pre-war or pre-any  
other time. A raise in the price  
of tires is expected with the  
opening of the season.

There is no economy in trying  
to get the last few miles out of  
old tires. The cost of tube re-  
pairs, blow-out patches, etc.,  
makes those last miles very ex-  
pensive and then there is the an-  
noyance.

Buy the tires you need for  
spring now. Get the benefit of  
these low winter prices. Large  
new stocks of tires received this  
week at
